BUSTER NEEDS YOUR HELP TO SAVE BABS FROM MONTANA MAX BEFORE IT'S TOO LATE.

Acme Acres is in trouble to the *max*. That bratty billionaire has captured Babs Bunny. So Buster's got to get hopping on a wild rescue romp!

Luckily he's got the help of his kooky pals Dizzy Devil, Furrball and Plucky Duck. And how! Dizzy Devil spins himself silly to break through rock solid walls. Furrball climbs straight up walls. And Plucky swims and glides through the air like a...duck. Along with Buster's powerful bounce, Monty will be toast!

Maybe. Six hairy scary levels show you a gazillion ways that Monty will try to trip you up. He's hired a gang of goofballs gone bad to greet you, like the ever clever Roderick Rat, iron-pumping Arnold the Pitbull and hug-happy Elmyra. If that weren't enough, you've got to beat the clock as you struggle through haunted forests, creepy pirate ships, secret chambers and finally Monty's Mansion.

The Toonsters need your help now. So "Toon" up your NES™ and let Montana Max know who's boss!

ALF SCUTTLED THE BOAT DOCKED AT ATF HQ IN ISSUE #27; BITTNER TOOK THE BLAME. --Editor

The Teenage Mutant Ninja Turtles Have Mutated Again.

Strong new enemies like Tora the Polar Beast will frost your shell.

Only this time it's no accident. As Ultra® transforms your favorite arcade game into a hard hitting new adventure for the Nintendo Entertainment System.®

With eight original arcade levels, plus two never before seen shell squashing stages and a ton of new enemies, Teenage Mutant Ninja Turtles® II—The Arcade Game™ is unlike any sewer war the turtles have ever fought in.

Radical new attack moves really punch up the arcade-style graphics.

Fortunately two can play at this game, double teaming Shredder's 700 Foot Soldiers who will fight you every step of the way—from the Central Park Snow Route to the stone cold Rock 'N Roll Quarry.

Of course to crush invincible enemies like Tora and Shogun, you must master radical new attack moves which Splinter has programmed into the game.

So grab the adventure that's hotter than a radioactive meltdown. But be warned. You might turn green, grow a shell and suddenly start craving jumbo pizzas with extra pepperonis.

In the never before seen Ninja Castle, you'd be wise to choose a partner before you pick a fight.

STAN'S SOAPBOX

Hi Heroes,

Here's indisputable proof that we really read the letters you send, and that your suggestions are important to us! During the past year, I've gotten tons of mail about the Spider-Man strip which appears in more than 500 papers daily and Sunday. You know what most of the writers kept demanding? They insisted that we use other Marvel characters as guest stars! And here's the proof I promised! If you pick up any of those 500 plus newspapers right now, you'll witness the suspenseful climax of Spidey's challenge to Dr Doom! That's right, believer, I said Dr. Doom! But the menacing monarch of Latveria is only the first of a whole line of Marvel guest stars coming up in Spidey's newspaper strip, in response to *your* requests! In just another few weeks our amazin' arachnid's next major battle will bring him face to face with none other than everyone's favorite master of the mystic arts the weird but wonderful Dr. Strange! And that's just for starters! So never let it be said that you the mighty Marvel reader, don't snap your fingers and make us hop! Hey, by the way, if there are any special guest stars you'd like to see in any upcoming strips, just send your suggestion directly to the editor of your local newspaper He'll tabulate your votes and send us the results — and it'll give me more time to write the stories instead of opening a zillion envelopes! And if, through some grievous oversight or monumental error your local newspaper isn't carrying Spidey's daily and Sunday episodes just write the editor a letter telling how you feel about being deprived of some of Spidey's most offbeat adventures, especially since ol' webhead's finally going gung-ho with a pandemonious plethora of the world's greatest stars! But that's enough homework for you for now So, till next ish, have the happiest of New Years and, wherever you go, whatever you do - think Marvel!

Excelsior!

Stan Lee

What? January already? We haven't finished breaking all our resolutions from last year yet! It seems you just can't go 365 days without another year passing by.

One thing you won't want to pass by is GROO THE WANDERER, the hilarious barbarian comic that reminds us just how funny cheese dip is. Starting with issue #87 GROO will only be available in comics specialty shops and by subscription GROO-creator **Sergio Aragones** (not to be confused with fashion designer Sergio Valenti) was concerned that his loyal newsstand readers wouldn't be able to find GROO so he asked us to mention it here on the page That's why Sergio did that GROO illustration for the BP page last month, although we forgot to tell you why till this month! Guess we committed a GROO-ism! That's a little inside joke for readers of GROO. And if you're not a reader of GROO, you should be! It features some of the funniest barbarian hi-jinx since the time Conan crashed one of those rich high-society dinner parties!

The Avengers won't be throwing any parties for a while — not since we held the Avengers summit in upstate New York last September. This was a one-day out-of-office retreat by the writers and editors of all the Avengers titles to plot out the massive 19-part extravaganza, *Operation. Galactic Storm* beginning this month. (It would have run 20 parts, but we cut out one of the fight scenes.) This is an epic outer space saga featuring a war between the Kree and the Shi'ar, which will cross over into both Avengers books, plus THOR, CAPTAIN AMERICA, QUASAR, WONDER MAN, IRON MAN and BARBIE FASHION (Just kidding about that last one — we wanted to see if you were paying attention

Among those present at the retreat, editors **Tom DeFalco, Mark Gruenwald, Ralph Macchio, Bob Harras, Nel Yomtov, Kelly Corvese,** and **Fabian Nicieza,** WONDER MAN writer **Gerard Jones** AVENGERS WEST COAST chronicler **Roy Thomas,** and brand-new IRON MAN scribe **Len Kaminski.** (None of the above-named Marveloids is to be confused with funnyman Nipsey Russell.) Together, these men have concocted a storyline so vast in scope, so complex in theme, so convex in comparison to a flat plane, that it makes GONE WITH THE WIND look like an epic.

Another truly monumental event occurred here at mighty Marvel recently, as legendary inker **Joe Sinnott** (not to be confused with Frank Sinatra) celebrated his 65th birthday. About thirty of Joe's closest friends and biggest fans got together for a big combination semi-retirement/semi-birthday bash. Photos of the event appear in this month's MARVEL AGE MAGAZINE, along with an in-depth interview with Joe Boy, have I got a lot of stories to tell" Sinnott himself We'd like to wish Joe all the best He's truly one of the greats. In fact, even though he's semi-retired we think it would be a sin-not to give him more work. (Okay, so we're allowed one bad joke per page.)

We interrupt this Bullpen Page for a special request from our Submissions Department. If you have work you would like to submit to Marvel, PLEASE DO NOT CALL US. Any aspiring writers and artists are requested to MAIL in their work to us with a self-addressed, stamped envelope. We will then look over your work and give you a response The phones have just been ringing off the floors lately, and we've been so busy taking calls, we haven't had time to look over your work! If you're really good, SHOW us, don't TELL us how good you are.

We now return you to your regularly scheduled Bullpen Page, already in progress

.. and so DeFalco said, "Yeah, I'll believe that — when NIGHT NURSE gets her own book again!"

One guy who's got something better than his own book is **Mike Lackey** (not to be confused with Bob Mackie, the guy who used to design the dresses on the old Carol Burnett show). Mike, as you recall, was famous for having the smallest desk here at Marvel. Well, people can no longer scoff at Mike and say his is smaller than everyone else's, as he now has an actual, honest to gosh, sturdy enough to put his feet up on desk Mike now shares an office with **Kelly Corvese** (not to be confused with Telly Savalas), while still serving as MARVEL AGE assistant editor to **Renee Witterstaetter** (not to be confused with our kindergarten teacher Mrs. Widderstrom).

We're running short on space, so in passing, we'll note that the lovely and talented executive editor **Bob Budiansky** (not to be confused with Buddy Hackett) recently got married to the lovelier and more talented **Angela Goodman,** and that HULK-writer **Peter David** (not to be confused with the brilliant novelist David Peters) and his wife, non-HULK-writer **Myra David,** recently gave birth to a little mermaid named **Ariel.** Congratulations, all!

In closing, we would like to leave you with our foremost New Year's resolution. We resolve that this year, mighty Marvel will not resort to any cheap gimmicks to sell our books. We will not do any multiple covers, glow-in-the-dark covers 3-D covers hologram covers, embossed covers, peanut butter and jelly covers, or any tacky promotional tricks to sell our . What's that? You folks like all those special format covers? Then forget the resolution — no sooner made than broken!

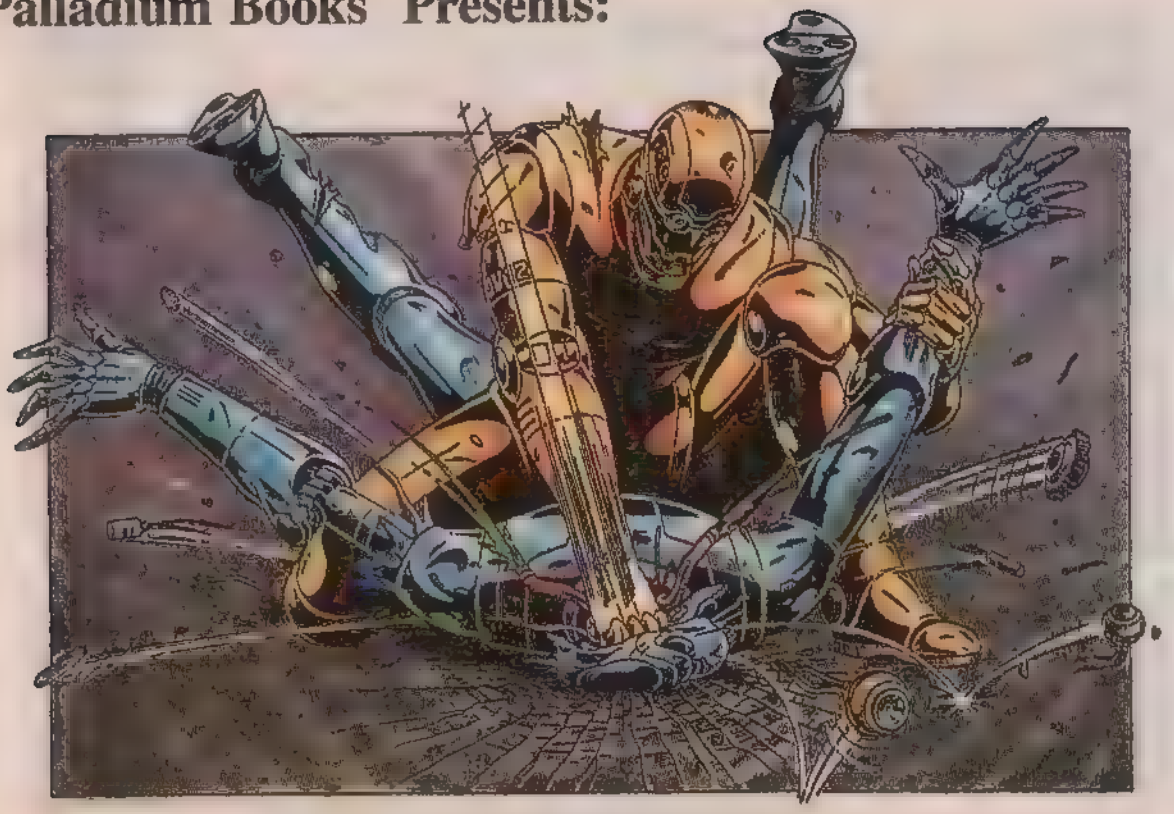
Palladium Books® Presents:



RIFTS®

Rifts® is a world of earth's dark future.

A nuclear exchange was the match that ignited disaster, but it was the psychic energy of billions of people that flooded the ley lines and tore open *rifts* in the fabric of space and time.

Its hundreds of years later. Humankind has just barely survived. But they are not alone. The rifts still throb with mystic energy changing both man and the world around him.

From the rifts emerge supernatural and alien monstrosities. Demonic fiends whose bodies are impervious to normal weapons and possess superhuman power.

But humankind has changed as well. Bionic augmentation, bizarre experiments, mutation, psionics, giant robots and battlesuits turn ordinary men and women into superhumans. And then there are the masters of magic.

Rifts® is a multi-genre role-playing game that captures the elements of magic and the supernatural along with science fiction and high technology.

Highlights include:

- **Nearly 30 different Occupational Character Classes including dragons, psychics, mutant animals, Psi-Stalkers, Cyber-Knights, Juicers, Borgs, Glitter Boys, Techno-Wizards, and many others.**
- **Super-technology includes mega-damage weapons, bionics, cybernetics, robots and power armor.**
- **16 pages of color paintings by Keith Parkinson, Kevin Long and others.**
- **256 page, soft bound rule book, profusely illustrated. $24.95; compatible with all our other games.**
- **Rifts® is NOT a game for beginners, but challenging for the more advanced RPG player. Recommended for ages 15 and older.**
